EXCLUSIVE WALE ENVIRONMENTAL PRODUCTS

- Reduces murky water
- Reduces bottom sludge
- Performs in water temps as low as 35°F
- Reduces ammonia, nitrite, and phosphate

Item No.:

18-EZ25

25lbs Pail (50 8oz packets)

THE ALL NATURAL ENZYME & MICROBIAL WATER CLEANER

EASY TO USE! SINGLE BIODEGRADABLE 8OZ PACKETS DISSOLVE UPON CONTACT WITH WATER!

EasyCleanz™ is a synergistic blend of select bacterial strains in a dry powder for pond maintenance and water clarity. **EasyCleanz™** degrades fish waste, reduces sludge build up and keeps ponds clean.

The EasyCleanz™ secret is in the natural microbes combined with enzymes and flocculant aids to give you the most powerful, natural water cleaning product on the market today. Fast, simple, safe and most of all - easy to use.

Directions for use: Apply 8 - 8oz packets per surface acre every 2-4 weeks, or as needed. Apply product around the edges of the pond.

CLEAN UP OIL SPILLS FAST!

MicrobePeat™ is an all natural, biodegradable, green product formulated specifically to absorb, encapsulate, and degrade/remediate petroleum based products, replacing the need for clay based absorbents. **MicrobePeat™** can be used on both land and fresh water surfaces.

Product Application:

- **Hard Surfaces:** Cover the spill area with MicrobePeat™ to soak up any free liquid. The product turns brown in color and crumbly in texture when oils are absorbed. Sweep up product for disposal.
- **On Soil:** Immediately cover spill with MicrobePeat™ to absorb liquid on surface. Turn up soil beneath spill to determine if oil penetrated the soil. If so, mix an equal volume of MicrobePeat with contaminated soil, collect absorbent for disposal or spread thinly over soil surface.
- **On Water:** Immediately apply MicrobePeat™ to absorb liquid on surface and capture "sheen," paying attention to the edges of the spill. Recover absorbed oil using fine mesh net or wet/dry shop vacuum for disposal.

MicrobePeat™ should be added to soil at a rate of 1 part **MicrobePeat™** to 10 parts soil for optimum degradation. Water should be added to thoroughly "wet" the soil, but not saturate. As with all environmental hazards, please consult local, state, and/or federal laws for proper disposal.

MicrobePeat™ vs. Clay

	MicrobePeat™	Clay Based Product
Product/ Absorption Ratio	1:1 Ratio 1lb MicrobePeat™ for 1 gallon spill	30:1 Ratio 30lbs clay product for 1 gallon spill
Encapsulates Contaminants	Yes	No
Remediation	Yes	No
Land and Water Applications	Yes	No

* Significant reduction in product needed resulting in cost savings within the areas of inventory management., labor, storage, and waste disposal.

* Eliminates leaching which causes secondary spills.

* Degradation/Remediation of contaminants.

* Biodegradable/Eco-Friendly

* Effective on solid surfaces, soil, lawns, and fresh water resources.

**ALL NATURAL!
WORKS ON BOTH
LAND AND FRESH
WATER SURFACES**

**GREAT FOR MOWER
HYDRAULIC OIL LEAKS ON
GREENS AND GARAGES!**

GLOVES

Radnor® Large Brown 10 Ounce Premium 100% Cotton Jersey Gloves With Knitwrist

Item No.:

18-5000L

Radnor® Brown Jersey Gloves - Soft Knit Fabric Stretches To Workers' Hands For Perfect All-Purpose Gloves. Clute Cut For A Comfortable Fit, 10 Ounce Brown Jersey Glove Features A Knitwrist.

Features:

- Clute cut to give wearers an excellent fit
- Knit wrist keeps dirt and debris from entering at wrist
- Soft and comfortable

Application:

- General applications
- Light abrasion applications

Specs:

Glove Size: Large
Color: Brown
Glove Weight: 10 oz

SHOWA Best® Glove Large/X-Large Fuzzy Duck® Heavy Duty Yellow Textured PVC Fully Coated Work Gloves With Cotton Jersey Liner And Slip On Cuff

Item No.:

18-5001L
18-5001XL

Fuzzy Duck® Featuring our exclusive, breathable, PVC coating on a soft, comfortable, two-piece jersey liner, cool and abrasion resistant Fuzzy Duck outwears and replaces cotton, light-to-medium-weight leather and goatskin gloves in a wide variety of applications. Fuzzy Duck's textured coating provides an excellent grip and minimizes absorption of water, oil and grease, and tends to absorb and minimize shock, too. Fuzzy Duck is launderable and printed on both hands for easy identification and pairing after laundering.

Features:

- Breathable PVC coating
- Fully coated
- Sanitized®
- Textured finish
- Cotton jersey liner
- Slip-on cuff

SHOWA Best® Glove Large/X-Large Green Nitri-Solve® 13" Flock Lined 15 mil Unsupported Nitrile Gloves With Bisque Finish And Gauntlet Cuff (Chlorinated)

Item No.:

18-5002L
18-5002XL

Nitri-Solve® is made from our special nitrile (NBR) compound and provides excellent protection against abrasion, puncture, cut and snag and resistance to a broad range of solvents, animal fats and other chemicals. Easy to pull on and off. A non-slip grip makes wet work easier, safer, and NitriSolve's ergonomic design maximizes comfort.

Features:

- 100% nitrile
- Bisque finish
- Flock Lined

Application:

- Excellent protection against abrasions, puncture, cuts and snags
- Increased resistance to solvents, animal fats and other chemicals

SHOWA Best® Glove Large/X-Large Blue 9 1/2" N-DEX® 4 mil Latex-Free Nitrile Ambidextrous Non-Sterile Powder-Free Disposable Gloves With Smooth Finish And Rolled Cuffs (100 Gloves Per Dispenser Box)

Item No.:

18-5003L
18-5003XL

N-DEX® provides professionals unmatched dexterity and a significant reduction in hand fatigue. The four-mil (one mil=1/1000 of an inch) N-DEX® provides superior comfort and barrier protection against a variety of chemicals, greases, oils and blood borne pathogens.

Features:

- 100% nitrile
- Low modulus
- Powder-free
- Rolled cuff

Benefits:

- Ambidextrous

Specs:

Glove Type: Powder-Free Disposable
Glove Size: Large, X-Large
Thickness: 4 mil

Length: 9 1/2 in
Material: Nitrile
Finish: Smooth
Brand Name: N-DEX®
Coating: None
Color: Blue
Cuff Type: Rolled

EYE PROTECTION

Radnor® Classic Plus Series Safety Glasses With Clear Frame And Clear Polycarbonate Hard Coat Lens

Item No.:

18-SG1220

Classic Plus Series Eyewear by Radnor® uses a sporty swept back lens design made of a tough polycarbonate with a special hardcoat that guards against scratching, static and chemical attack. The flexible temple design and soft grips make all day wear a breeze.

Features:

- Sporty swept-back lens design
- Hardcoat polycarbonate lens guards against scratching, static and chemical attack
- Flexible temple design with soft grips
- Block 99.9% of harmful UV rays

Specification:

- Meets ANSI Z87+ Standard

Specs:

Brand Name: Classic Plus Series
Frame Color: Clear
Lens Color: Clear
Lens Type: Hard Coat

3M™ 334AF Economy Chemical Splash Goggles With Clear Frame And Clear Anti-Fog Lens

Item No.:

18-SG0661

Effective Protection, Value-Priced The 334 Splash Goggle meets ANSI Z87.1 Standards for impact and splash protection. PLUS, they are priced economically to meet most any budget.

Features:

- Polycarbonate lens
- Tough Duralite™ polycarbonate lens with 99.9% UV protection
- Available with anti-fog lens
- Fits over most glasses

Benefits:

- Value priced protection in four models
- Available with or without anti-fog lens

Specification:

- Meets ANSI Z87.1 Standard

Uvex™ By Sperian Genesis X2™ Safety Glasses With Black And Yellow Frame And Clear Polycarbonate Ultra-dura® Anti-Scratch Hard Coat Lens

Item No.:

18-SG3520

Uvex Genesis X2 sport styled wrap-around lens provides exceptional peripheral protection. Flexible fingers adjust to most nasal profiles. Elastomer browguard deflects impact. Adjustable temples and lens inclination. Built with MMT— Multi-Material Technology® and engineered for comfort and protection, the Genesis X2 delivers all-day comfort and performance infused with aggressive, sports-inspired styling.

Features:

- Exceptional protection and superior comfort
- Dual 9-base “wrap-around” lens provides uncompromised peripheral vision and protection
- Soft flexible fingers adjust and conform to any nasal profile and minimize slippage Soft elastomer brow guard diffuses and deflects impact
- Soft elastomer brow guard diffuses and deflects impact
- Ratcheting temples make it easy to adjust the lens angle for a close fit
- Easy and economical lens replacement system allows for multiple lens tints and extends the life of the eyewear

Specification:

- Meets ANSI Z87+ Standards
- Meets military V0 ballistic test for impact

Specs:

Brand Name: Genesis X2™, Genesis®
Frame Color: Black, Yellow
Lens Color: Clear
Lens Type: Anti-Scratch, Hard Coat

RESPIRATORY PROTECTION

Shown with Cartridges
(Not Included)

Survivair® Medium/Large Blue Silicone Premier® Plus S-Series Half Mask APR Facepiece With Exhalation Valve

Item No.:

18-RM2500

The Survivair Premier Plus silicone half-mask respirator is designed with a triple flange design for superior fit, comfort and protection.

Features:

- Three flanges, provides "backup" sealing security
- Silicone facepiece construction is flexible, lightweight and durable
- Wide, wraparound and pleated silicone facepiece fits a large variety of facial types
- Strategic lateral placement of inhalation valves and cartridge ports enhances field of vision
- Exhalation valve provides quick exhaust of warm exhaled air
- Cradle suspension with D-ring roller mechanism for easy and secure adjustment
- Packaged in a resealable bag to protect the respirator from contamination when not in use
- OV/N95 (S-Series) and OV/R95 (T-Series) cartridges/filters available with respirator for quick ordering

Specification:

- NIOSH approved

Specs:

Safety Product Type: Facepiece
Respirator Type: Half Mask
Respirator Size: Medium/Large
Standard: NIOSH

Survivair® Organic Vapor Cartridge For S Series Air Purifying Respirator (APR) With P100 Filter

Item No.:

18-RC5110

Survivair® 105110 Organic Vapor/P100 Filter Cartridge when properly fitted to the correct facepiece protects against organic vapors, oil mist and particulates.

Features:

- Spin-on type cartridge for use on S-Series facepieces

Specification:

- NIOSH approved

Specs:

Safety Product Type: Cartridge
Resists: Organic Vapors, Particulates
Standard: NIOSH 42 CFR Part 84

HEAD PROTECTION

MSA White V-Gard® Class E Type I Polyethylene Slotted Hard Cap With 1-Touch™ Suspension

Item No.:

18-HD7441

These V-Gard® Protective Caps are part of the same family of products and accessories recognized as the best-selling in North America. Polyethylene shell and self-adjusting crown straps provide comfortable, lightweight protection. Available in slotted (to work with MSA accessories) or non-slotted. Three size options make these ideal protectors for the entire work crew.

Features:

- Polyethylene shell provides superior impact protection
- Self adjusting crown straps
- Non-slotted design is a full brim hat
- Available in a variety of colors and sizes

Caution:

- Do not mix suspension and helmet size. Make sure the sizes match use only MSA suspensions on an MSA caps or hats. Failure to comply will reduce the energy-absorbing ability of the protective hat or cap

- Use only MSA suspensions on an MSA helmet. Failure to comply with the above will reduce the energy-absorbing ability of the protective helmet, which can result in serious injury or death

Specification:

- Standards:
ANSI/ISEA Z89.1-2009 (Class E);
CSA Z94.1-2005 (Class E)

COVERALLS, PANTS, & BOOTS

DuPont™ Large White 5.4 mil Tyvek® Disposable Coveralls With Front Zipper Closure (25 Per Case)

Item No.:

18-TY127L
18-TY127XL
18-TY1272X

DuPont™ Tyvek® Series 127S Coveralls have a zipper front closure, attached hood with elastic around the face, wrists and ankles. Serged seams for strength and set sleeve pattern for greater arm movement.

Made from durable spunbonded olefin to resist most hazardous dusts and provide light splash protection. Will remain effective wet or dry. Excellent for spray painting, sand blasting, asbestos removal or anywhere there is dust or dirt.

Features:

- Greater range of movement while stretching and bending
- Improved mobility with more room throughout the back
- More tailored fit and better overall comfort
- An inherent barrier - not a laminate that can be easily scratched or compromised
- Lightweight, low-linting and anti-static

Specs:

Clothing Type: Coveralls
Material: Tyvek®
Clothing Size: Large, X-Large, 2X
Color: White
Closure: Front Zipper
Seam: Serged Seams
Thickness: 5.4000 mil
Attached Boots: No
Attached Hood: Yes
Elastic Ankles: Yes
Elastic Wrists: Yes

DuPont™ Large/X-Large White 5.4 mil Tyvek® Disposable Pants With Elastic Waist (50 Per Case)

Item No.:

18-TYP350L
18-TYP350XL

DuPont™ Tyvek® Series 350S are pants with an elastic waist and plain ankles. Serged seams.

Made from durable spunbonded olefin to resist most hazardous dusts and provide light splash protection. Will remain effective wet or dry. Excellent for spray painting, sand blasting, asbestos removal or anywhere there is dust or dirt.

Features:

- Greater range of movement while stretching and bending
- Improved mobility with more room throughout the back
- More tailored fit and better overall comfort
- An inherent barrier - not a laminate that can be easily scratched or compromised
- Lightweight, low-linting and anti-static

Specs:

Clothing Type: Pants
Material: Tyvek®
Clothing Size: Large/X-Large
Color: White
Seam: Serged Seams
Thickness: 5.4000 mil
Elastic Ankles: No

DuPont™ ONE SIZE FITS ALL White 5.7 mil Tyvek® Disposable Shoe Cover With Elastic Top (200 Per Case)

Item No.:

18-TY5450

DuPont™ Tyvek® series 450S Shoes Covers with option LG have an elastic top and are 8.25 inches high for more coverage over the ankle. These covers are meant to be worn over your own shoes.

Made from durable spunbonded olefin to resist most hazardous dusts and provide light splash protection. Will remain effective wet or dry. Excellent for spray painting, sand blasting, asbestos removal or anywhere there is dust or dirt.

Features:

- Greater range of movement while stretching and bending
- Improved mobility with more room throughout the back
- More tailored fit and better overall comfort
- An inherent barrier - not a laminate that can be easily scratched or compromised
- Lightweight, low-linting and anti-static

Specs:

Clothing Type: Boot Cover/Shoe Cover, Shoe Cover
Material: Tyvek®
Clothing Size: Large
Color: White
Seam: Serged Seams
Thickness: 5.7000 mil
Elastic Ankles: Yes

HEARING PROTECTION

Howard Leight® Single Use Laser-Lite® Contoured T-Shape Polyurethane And Foam Corded Earplugs (1 Pair Per Polybag, 100 Pair Per Box)

Item No.:

18-HEP100

The bright idea in hearing protection, Laser Lite's low-pressure polyurethane foam expands gently inside the ear canal for comfortable long-term wear, while its contoured T-shape delivers easy handling. Its high-visibility magenta and yellow colors make compliance checks quick and easy. Plus, Laser Lite is available with special packaging and dispenser options, ideal for process industries with low tolerances for packaging waste.

Features:

- Vibrant colors make protection visible
- Self-adjusting polyurethane foam expands to fit virtually any wearer
- Contoured T-shape for easy handling and wear
- Smooth, soil-resistant closed cell-foam skin prevents dirt build-up
- Available in paper bag packaging and/or with cotton cords
- Bulk refills for Leight® Source 400 and Leight® Source 500 Earplug Dispensers save time, waste and space

Howard Leight® Leightning® Hi-Visibility L1HHV Bright Green Metal Helmet Mount Noise Blocking Earmuffs

Item No.:

18-HEM100

When the jobsite is outdoors or in low lighting, workers are exposed to increased safety hazards in addition to noise. Leightning Hi-Visibility Earmuffs provide workers with a total solution for both hearing protection and visibility at night – and during the day. Its eye-catching fluorescent green earcups provide a highly noticeable contrast against dark settings, especially in low lighting situations and inclement weather. Plus, Leightning Hi-Visibility are the only earmuffs that incorporate an exclusive reflective headband that illuminates when exposed to light, providing increased visibility and safety on the job.

Features:

- Bright green earcups provide high visibility and contrast
- Reflective padded headband illuminates under light for increased visibility and safety
- Ideal to wear at night, during the day, in low light and under inclement weather conditions
- Patented Air Flow Control™ technology provides optimal attenuation across all frequencies
- Robust steel headband withstands demanding use, especially in tough environments
- Snap-in ear cushions make replacement quick and easy
- Padded foam headband delivers long-wearing comfort with minimal pressure on the head
- Telescopic height adjustment remains fixed during usage

Benefits:

- For use with a wide range of hard hats
- Earcups snap in place during use and swing back when not in use

Specs:

Safety Product Type: Earmuffs
NRR [max]: 23
